## Skills

- Javascript ES6, React, Node, Express
  - Python, Pandas, Numpy
  - SQL, Postgres, MySQLite
  - Go
- 

## Experience

### - English Teacher

06/2022 – Present

My role involves teaching Grade 4 and 5 English to students in Weiming Bilingual School in Shenzhen, China. I have used this role as an opportunity to create some educational games for learning English using the pygame library.

### - Sound Designer/Mixer

01/2020 - 05/2021

I worked with the filmmaker Basharat Khan in making 5 short films for the 2020 Architecture Venice Bienalle. My responsibilities included recording location audio and post production sound mixing.

### - English Teacher

09/2018 – 06/2019

I taught English to University students in Qngdao Technological University in China. My role included designing and delivering a curriculum to approximately 300 students.

### - Web Content Creator

01/2017 - 08/2017

I produced blog posts and moderated the GMI website (<https://www.guitarandmusicinstitute.com/>). This involved using the popular CMS Wordpress with some other plugins. The focus of my work was to create visually appealing posts with engaging blog content that would increase website traffic.
